

Qiao Yang

Wuhan

PRACTICE AREAS

- Intellectual property

PROFESSIONAL EXPERIENCE

Ms. Qiao Yang entered the intellectual property industry after graduation. She worked as a patent attorney at an intellectual property agency from May 2019 to October 2021. She joined Han Kun in May 2022, where she is mainly responsible for handling domestic mechanical patent matters. Her work encompasses a full range of patent-related intellectual property agency services, including patent application support, responses to office actions, patent searches, and consulting services. Her key clients include BOE, Chery, CNPC, Xiaomi, and CATL, among others.

EDUCATION

Ms. Yang obtained her Bachelor of Engineering degree in Mining Engineering from the University of Science and Technology Beijing in 2016, where she later earned her Master of Engineering degree in Mining Engineering in 2019.
